

### INTRODUCTION TO VIP

#### Custom Notifications

VIP Peer Support Workers and APD officers identify and intervene with the individuals most likely to engage in gun violence. This intervention is called a *Custom Notification*. They often bring trusted community leaders with them who may connect with particular individuals.

#### Referrals

Candidates for the VIP Program are usually identified through law enforcement crime data. However, they can also be referred by hospitals or other means.

#### Engaging with Services

A key part of what makes the City's VIP Program successful is that VIP Peer Support Workers work with clients to identify and address their individual needs, then guide clients through risk-reduction resources. We measure success by how many of the individuals we provide Custom Notifications to engage with other services.

#### Enforcement

The goal of Custom Notifications and ongoing peer support is that people do not engage in further violence. However, when they do, the consequence is swift and targeted law enforcement action.

Family Counseling/Intervention

REFERRALS AND ACTIVE CLIENTS

The Center for Healing and Trauma Recovery began taking clients in December 2023. The Center is designed to offer assertive outreach, advocacy, evidence-based mental health services, and comprehensive case management to individuals least likely to receive such vital support. The primary objective of the center is to provide a trauma-informed, healing system of care for victims of violence and trauma.

The Trauma Recovery Center will provide:

- Care Coordination
- Resource Connection
- Peer Support
- Workshops and Education
- Trauma-informed Therapy
