

APD update 20-10

January 27, 2023

I have reviewed this recommendation and FH PRT has already taken steps to address these concerns. We worked closely with Parks and Rec to have the tress cut and overgrown bushes removed. FH PRT also conducts foot patrol at the park once or twice daily and the area has greatly improved. We spoke with a couple just last week and complemented on how the park has changed. In December 2021, I gave a presentation to the CPC on the work that has been done thus far. In regards to the camping. Anytime we come into contact with an individual we enforce the park rules and offer resources. FH PRT will continue to build on the progress they have made in the area.

This park is also one of the three that FH graves checks on a nightly basis. Within the past month, grave units have conducted 29 parks checks at this location.
