RECOMMENDATION (One (1) recommendation per submission.

Recommendation/Reasoning must be 500 words or less for submission):

Foothills CPC; Jeanne Hamrick, Chair, Lynn Thompson, Vice-Chair, Barbara Lee, Secretary, Linda McLaughlin

The Foothills CPC would like to submit a recommendation to APD calling for creation of a City-updated website that would present up-to-date and pertinent information on city homicides.

The website would list more information on the number, nature, and scenario involving homicides in the city of Albuquerque and would update the crimes from onset through arrest, if possible.

At this time, in order to find information on City homicides, one must go to a few different sources and the information is incomplete. Homicides being our most violent crimes are important information to the community, and up-to-date reporting would go a long way in community policing.

The FHCPC would also like the website advertised locally so that Albuquerque citizens with interest would be able to find it.

APD UPDATE:

The Albuquerque Police Department has a website where the public can see current homicide numbers and trends. This website is maintained and is current. This website also has information on press releases for each homicide. All information currently releasable to the public is housed on this website. When navigating the website, please click the homicide tab for more information on each case.
