**APD UPDATE:**

**Recommendation Status:** Approved   Denied X

\*If denied please give reasoning:

The APD Organizational Chart is updated quarterly throughout the year. Occasionally, promotions or transfers occur, and those positions are updated during that period in time. Changes or transfers within the APD Organizational chart often do not occur on a monthly basis therefore the organization chart will be the same on a monthly basis. The process of updating the organizational chart can take up to a week or two for approval. Therefore, recommending this on a monthly basis would lead to an inefficient process with tedious changes.
