## APD UPDATE:

Thank you for the recommendation. APD is updating the CPC Recommendation Process to afford the CPC Chair of the CPC making the recommendation an opportunity to meet with a Department liaison prior to submitting a formal recommendation. When the CPC Liaison is notified a CPC plans to submit a recommendation to APD, the APD designee will schedule a meeting with the chair of the CPC making the recommendation and the CPC liaison. The meeting will enable the CPC chair to express the intent behind the recommendation and receive guidance from the APD designee on the best way to proceed to ensure the recommendation is documented in a manner that will enable APD to provide a comprehensive response.
