

San Pedro Main Street Streetscaping

Implementation Phase I

PROJECT GOAL :

Breath life into the San Pedro corridor with Phase I of streetscaping installation.

OVERALL IMPROVEMENTS:

Bringing life back to San Pedro

- City's first Development Process Manual (DPM) for a main street corridor
- Green Stormwater Infrastructure landscaping strip that doubles as a traffic calming measure
- Safer pedestrian realm to increase walkability
- Creation of community identity that will promote, grow and attract more shoppers, business owners, residents and neighbors
