COMMITTEE AMENDMENT NO. 2 TO O-21-71

AMENDMENT SPONSORED BY COUNCILOR Gibson

1. Revise the following text to Section §14-8-2-4 APPLICATION AND CRITERIA FOR RECOGNITION OF NEIGHBORHOOD COALITIONS beginning on page 7, Line 8:

The boundaries were in existence and [registered with] [~~recognized by~~] the City as of October 20, 2017 and the coalition remains in [~~recognized~~] [registered] status as of the date this ordinance is enacted.

Explanation: This amendment revises the text for existing neighborhood coalitions to use the phrase “registered” rather than “recognized” as per the current NARO, in which coalitions are “registered” rather than “recognized.”

This correction ensures that the existing neighborhood coalitions are “grandfathered” in under the new NARO.
