

COMMUNITY FACILITIES

PLANNING

Albuquerque Bicycle Park, Phase II	\$1,000,000	Complete construction of BMX facilities, including public restrooms, concession stand, office and sound mitigation.
New York MRA	\$700,000	Acquire property, demolish blighted structures, conduct environmental clean-up, and otherwise design and construct improvements in the proposed New York MRA. Acquired properties may be used to leverage private investment and redevelopment in the proposed MRA.
Fourth Street Corridor Improvements	\$500,000	Design and construct street and streetscape improvements in order to implement the Fourth Street Corridor Plan.
West Central MRA Project	\$1,000,000	Acquire land, design and rebuild public infrastructure to include, but not necessarily be limited to: sidewalks, utility hookups, lighting, and streetscapes.
Albuquerque Geographic Information System	\$300,000	Upgrade and expand computerized maps and associated geographic information for the use of all City departments and the Public. This will include, but not limited to, hardware, software and technical assistance.
Total	\$3,500,000
