10. Description of Work Activity:

Please read below:

- Contracting companies must have a file established with the Construction Coordination Section prior to being issued a permit. File includes copy of applicable license, Certificate of Insurance, and applicable bonds.
- For the New Mexico Administrative Code (NMAC) license descriptions visit www.rld.nm.gov or perform an internet search for 14.6.6 NMAC.
- Contractor SHALL notify and coordinate with ALL businesses, residents, and public facilities directly affected by the street and/or lane closure with a printed flyer at least two days prior to start of the closure.
- ALL excavation activities will be inspected by the City of Albuquerque or previously approved personnel assigned to the project prior to the placement of asphalt or concrete pavement.

- All traffic control devices SHALL be installed, maintained, and removed by a ATSSA certified Traffic Control supervisor and/or technician. All traffic control devices will comply with the current MUTCD.
- *New Mexico State Law requires excavators to contact NM ONE-CALL two (2) working days prior to excavating.*
