

2-10 USE OF EMERGENCY COMMUNICATIONS

2-10-1 Policy

Department policy is to coordinate the delivery of police services with requests from citizens and department personnel utilizing radio, telephone, and digital communications equipment.

2-10-2 Rules

7 A. Use of Equipment/Radio

City communications equipment is to be used for official business only, as follows:

1. The Ten Code shall be used when transmitting.
2. All references to time shall be in military (24 hour) time.
3. The necessary language shall be short and relevant.
4. When feasible, lengthy messages shall be given to the Communications Center by telephone, Mobile Digital Terminal (MDT), or on a non-dispatch channel.
5. Personnel shall be professional when using voice transmission and when using their MDT. Jokes, wisecracks, profanities, or voice inflections that reflect or indicate irritation, disrespect, or sarcasm shall not be used.
6. Transmissions should not be acknowledged unless they are understood.
7. Every officer in a uniformed field assignment must have access to radio communications equipment.

7 B. Department Phone Numbers

1. When needed, follow-up contact information will be given to citizens. This information will include the duty station telephone number, duty hours, and days off. 242-COPS will not be given as a contact number for personnel. No restricted Emergency Communications Center telephone numbers will be given to citizens.

7 C. Assignment of Unit Call-Signs

ALBUQUERQUE POLICE DEPARTMENT
PROCEDURAL ORDERS

SOP 2-10

DRAFT FOR OPA: 9/4/18

1. The Emergency Communications Center is responsible for the assignment of all call-signs.

N/A

a. Call-signs are numbers or combination of numbers and letters that identify a particular officer assigned to a sector beat or unit or other individuals, by assignment, which need to be readily identified during radio contact

2. Commanding officers will be responsible for notifying, in writing, the Emergency Communications Center of any deletions and/or additions of subordinate officers within their particular command. This will ensure officers are assigned a callsign at all times.

3. Personnel who have been assigned permanent call sign shall be called by, and answer to, their assigned unit call number.

4. Personnel who call out on the air off-duty will identify themselves as their existing call sign followed by "X-ray." This will help Communications and the assisting officers understand that the officer is off-duty.

7

D. Unit Location Response

1. When any unit is called by the dispatcher, the unit will promptly respond with his/her call-sign and location.

7

E. Use of Alert Tone/All Ops Transmissions

1. ECC is to utilize the alert tone to designate a specific talk group (assigned radio frequency) as restricted for a specified situation(s). When the alert tone is utilized, it signifies to all personnel that the specific talk-group has restricted voice transmission to only those personnel working the event/emergency. Personnel not involved in the event should cease transmitting when an alert tone or 10-3 is broadcast.

2. ECC will utilize the All Ops talk-group when possible. The intent of an All Ops transmission is to notify all personnel utilizing a radio of felony crime of emergency radio traffic. If other talk groups are restricted for emergency traffic, the All Ops transmission will not be utilized.

3. The alert tone is utilized for the following types of incidents:
 - a. Robberies (armed or strong-arm) – in-progress or just-occurred
 - i. Carjacking
 - ii. Home invasion
 - iii. Commercial robbery
 - b. Hold-up alarms
 - c. Shootings
 - d. Stabbings
 - e. Vehicle pursuits
 - f. Commercial or residential burglary – in-progress or just-occurred

7

F. Calls Considered Official Orders

1. All calls by the Emergency Communications Center shall be considered as official orders being subject to review only after the call has been responded to and handled. Supervisors may countermand a dispatch for justifiable cause.
2. When dispatched to a call for service, the primary officer will be responsible for ensuring that the calling party is contacted before returning into service. Contact will not be necessary on calls that indicate "negative contact" or calls where the calling party's identity is not given.

7

G. Authorized Out-of-Service Activities

1. Units with MDT's should routinely log on the system 10-75 status while off duty, especially while traveling to and from work.
2. While performing Chief's overtime duties, units will log on the system with Code 10-62-1 and specify their location and duration of the assignment.
3. All sworn personnel will log on to the CAD system in a 75 status before leaving their residence in a city-owned vehicle. This will be done via the MDT. Those without an MDT will do so by radio. Personnel will not log off until they return at the end of their duty assignment. Off-duty officers en route to a court appearance that will extend into the officer's normal on-duty status will log on in a 10-92 status and identify the specific court in attendance.

7

H. Other Jurisdictions

ALBUQUERQUE POLICE DEPARTMENT
PROCEDURAL ORDERS

SOP 2-10

DRAFT FOR OPA: 9/4/18

1. Unless life threatening emergencies exist, units will not be dispatched to the following locations/incidents without the permission of the appropriate on-duty area supervisor.
 - a. University of New Mexico
 - b. State Fairgrounds
 - c. Kirtland Air Force Base (except for certain areas)
 - d. Veteran's Administration Hospital
 - e. Locations outside the city limits
2. In those instances, where life-threatening emergencies are believed to exist, immediate dispatch will occur with the earliest possible follow-up notification to the appropriate on-duty area supervisor.

7

I. Requests by Other Agencies

1. Requests for support services from outside law enforcement agencies will be handled as follows:
 - a. Life-threatening emergencies will be honored immediately.
 - b. Non-emergency services requests will only be honored if approved by either the ECC shift supervisor or the Field Services Supervisor in the area command.

7

J. Required Use of MDT

1. Department personnel operating police vehicles equipped with Mobile Digital Terminals shall use the MDT for all non-emergency communication activities including, but not limited to:
 - a. All non-emergency status changes.
 - b. Self-initiated out-of-service activities.
 - c. Routine car-to-car communications.
 - d. NCIC, ACTION, and MVD inquiries.
 - e. On-sight events (optional).
 - f. Community Policing Events. Any time an officer engages in a community policing function, the officer shall log out 10-75-1. When logged out 75-1, the officer would still be available for dispatch to high priority calls.

2. Supervisors and/or officers shall not enter into or attempt to enter into any agreements with Radio Dispatchers as to "call-holding" at any time. Officers will be expected to remain in their Districts and available for calls until the end of their shifts.
3. Officers will be responsible for logging themselves on by using the MDT at the start of their shift and log off at the end of their shift. Radio Dispatchers will not log officers on or off unless the officer has no MDT or their MDT is out of service.
4. Officers with MDTs will log themselves out on 60s and 61s when cleared and back in service.
5. Supervisors may override dispatchers as to whom they dispatch on calls but only on a case by case basis. Supervisors will make themselves aware of calls holding before changing any dispatch orders.

7

K. Emergency Communications Center

1. The ECC is a restricted area. Access to the communications center will be provided to authorized personnel only.
 - a. Unauthorized persons shall not be permitted within the Communications Center without the permission of the Operations Supervisor.
 - b. Officers will not be allowed into the Communications Center with prisoners.
 - c. Persons requesting tapes, CAD printouts, and/or readouts will be supplied such information by authorized personnel upon approval by the appropriate supervisor. A Communications supervisor may direct requesters to their substation terminal for a CAD printout.
 - d. Master tapes and certain other original information will not be removed except by written order and signed receipt, due to its evidentiary and confidential nature.

7

L. Dispatch Talk Groups

1. Each area command is assigned one voice communications dispatch talk group. On-duty units are required to keep their voice communications equipment on the area talk group unless they are actively using one of the non-dispatch talk groups. Prior coordination with ECC Control is required when there is a need to utilize a talk group for a tact plan or special event.

7

M. Data Room Services

1. The National Crime Information Center (NCIC) is a nationwide computerized system containing criminal justice information concerning files such as stolen property, MVD information and wanted persons of a nationwide interest. The NCIC radio channel is utilized by APD Law Enforcement as a dedicated channel for transmissions concerning checks on persons, property, and vehicles.
2. The Emergency Communications Center assigns trained Telecommunications Operators to handle the NCIC administration functions.
3. In addition to APD law enforcement personnel, other civilian certified personnel may receive full NCIC information. These personnel are identified in the appropriate CAD file. All messages handled on the system must be of an official police nature.

7

N. Confirmation of Inquiry

1. When an NCIC hit is obtained on an entry, the unit will be advised of a POSSIBLE hit and all pertinent descriptors will be provided for verification, along with any additional information affecting the officer's safety while safeguarding the transmission.
2. Triple I Requests
 - a. Triple I checks are used to gather information on a person's previous arrest record and can only be requested by APD sworn personnel.
 - i. The Triple I request form may be faxed to the requesting unit with the appropriate information to be included on the form.
3. Misuse of NCIC
 - a. Intentional misuse of information obtained from the NCIC systems may result in termination of NCIC privileges for the Emergency Communications Center
 - b. Individuals may face potential criminal charges for the misuse of NCIC information.

- c. All NCIC information is considered law enforcement sensitive information and shall not be disseminated to unauthorized individuals.

O. Communication with Other Public Safety Agencies

1. For Department personnel to communicate with other area public safety agencies utilizing APD's 800 MHz radio system, the following procedures will be followed:
 - a. Officers needing to communicate with the Bernalillo County Sheriff's Office may utilize the BCSO talk groups, which are programmed in all APD radios.
 - b. The New Mexico State Law Enforcement network talk group is also programmed in all APD radios. (Event 1)
 - c. Officers communicating with outside agencies who utilize an 800 MHz radio system may utilize the ITAC/ITACTA call groups. These are nationwide 800 MHz public safety frequencies.

7

P. Citizen Band Radio Use

1. Officers may use citizen band radios following these criteria: Citizens band radios will be installed in assigned vehicles only by section 1-19-2C of this manual

7

Q. Phonetic Alphabet

The phonetic alphabet shall be used for spelling out unusual names, persons, and locations, or when radio reception is poor. When spelling out a word, use only the phonetic alphabet; example: John Doe -John, Ocean, Henry, Nora, David, Ocean, Edward.

A – Adam	H – Henry	O – Ocean	V - Victor
B – Boy	I – Ida	P - Paul	W - William
C - Charles	J – John	Q - Queen	X - X-ray
D – David	K - King	R - Robert	Y - Young
E – Edward	L – Lincoln	S - Sam	Z - Zebra
F - Frank	M – Mary	T - Tom

R. All OPS Dispatch Group (Simulcasting)

ALBUQUERQUE POLICE DEPARTMENT
PROCEDURAL ORDERS

SOP 2-10

DRAFT FOR OPA: 9/4/18

1. To ensure that priority one calls are dispatched and responded to in an expeditious manner, the 800MHz-radio system has the capability of simulcasting on all talk-groups. This feature can be useful in disseminating vital information and priority one calls to all officers efficiently.

a. ECC dispatcher duties:

Upon receiving a priority one call, i.e., hold up alarm, shooting, stabbing, the dispatcher will utilize the "All Ops" dispatch group and advise that this is an "All Ops" (Area Command) call. The dispatcher will give out the basic information on the call and the location. The dispatcher will then switch back to their respective dispatch talk-group.

b. Responding officer duties:

An officer who is responding to an "All Ops" priority one call outside of their area command will advise their respective dispatcher that they are responding to the call. The officer will then switch to the talk-group where the incident is occurring and advise the dispatcher that they will be responding. The officer will remain on this talk-group until the completion of the call.

c. The "All Ops" talk-group will not be utilized if one the call groups are secure for an operation, i.e., SWAT activation.

d. The "All Ops" talk-group may be utilized to call a citywide unit to a specific incident, i.e., "AIR 1 switch to SE for a call" or to issue an attempt to locate (ATL) Citywide.

2-10 USE OF EMERGENCY COMMUNICATIONS

2-10-1 Policy

Department policy is to coordinate the delivery of police services with requests from citizens and department personnel utilizing radio, telephone, and digital communications equipment.

2-10-2 Rules

[7] A. Use of Equipment/Radio

City communications equipment is to be used for official business only, as follows:

1. The Ten Code shall be used when transmitting.
2. All references to time shall be in military (24 hour) time.
3. The necessary language shall be short and relevant.
4. When feasible, lengthy messages shall be given to the Communications Center by telephone, Mobile Digital Terminal (MDT), or on a non-dispatch channel.
5. Personnel shall be professional when using voice transmission and when using their MDT. Jokes, wisecracks, profanities, or voice inflections that reflect or indicate irritation, disrespect, or sarcasm shall not be used.
6. Transmissions should not be acknowledged unless they are understood.
7. Every officer in a uniformed field assignment must have access to radio communications equipment.

[7] B. Department Phone Numbers

When needed, follow-up contact information will be given to citizens. This information will include the duty station telephone number, duty hours, and days off. 242-COPS will not be given as a contact number for personnel. No restricted Emergency Communications Center telephone numbers will be given to citizens.

[7] C. Assignment of Unit Call-Signs

1. The Emergency Communications Center is responsible for the assignment of all call-signs.

- [N/A] a. Call-signs are numbers or combination of numbers and letters that identify a particular officer assigned to a sector beat or unit or other individuals, by assignment, which need to be readily identified during radio contact.

2. Commanding officers will be responsible for notifying, in writing, the Emergency Communications Center of any deletions and/or additions of subordinate officers within their particular command. This will ensure officers are assigned a callsign at all times.
3. Personnel who have been assigned permanent call sign shall be called by, and answer to, their assigned unit call number.
4. Personnel who call out on the air off-duty will identify themselves as their existing call sign followed by "X-ray." This will help Communications and the assisting officers understand that the officer is off-duty.

[7] D. Unit Location Response

When any unit is called by the dispatcher, the unit will promptly respond with his/her callsign and location.

[7] E. Use of Alert Tone/All Ops Transmissions

1. ECC is to utilize the alert tone to designate a specific talk group (assigned radio frequency) as restricted for a specified situation(s). When the alert tone is utilized, it signifies to all personnel that the specific talk-group has restricted voice transmission to only those personnel working the event/emergency. Personnel not involved in the event should cease transmitting when an alert tone or 10-3 is broadcast.
2. ECC will utilize the All Ops talk-group when possible. The intent of an All Ops transmission is to notify all personnel utilizing a radio of felony crime of emergency radio traffic. If other talk groups are restricted for emergency traffic, the All Ops transmission will not be utilized.
3. The alert tone is utilized for the following types of incidents:
 - a. Robberies (armed or strong-arm) – in-progress or just-occurred
 - i. Carjacking
 - ii. Home invasion
 - iii. Commercial robbery
 - b. Hold-up alarms
 - c. Shootings
 - d. Stabbings
 - e. Vehicle pursuits
 - f. Commercial or residential burglary – in-progress or just-occurred

1. All calls by the Emergency Communications Center shall be considered as official orders being subject to review only after the call has been responded to and handled. Supervisors may countermand a dispatch for justifiable cause.
 2. When dispatched to a call for service, the primary officer will be responsible for ensuring that the calling party is contacted before returning into service. Contact will not be necessary on calls that indicate "negative contact" or calls where the calling party's identity is not given.
- [7] G. Authorized Out-of-Service Activities
1. Units with MDT's should routinely log on the system 10-75 status while off duty, especially while traveling to and from work.
 2. While performing Chief's overtime duties, units will log on the system with Code 10-62-1 and specify their location and duration of the assignment.
 3. All sworn personnel will log on to the CAD system in a 75 status before leaving their residence in a city-owned vehicle. This will be done via the MDT. Those without an MDT will do so by radio. Personnel will not log off until they return at the end of their duty assignment. Off-duty officers en route to a court appearance that will extend into the officer's normal on-duty status will log on in a 10-92 status and identify the specific court in attendance.
- [7] H. Other Jurisdictions
1. Unless life threatening emergencies exist, units will not be dispatched to the following locations/incidents without the permission of the appropriate on-duty area supervisor.
 - a. University of New Mexico
 - b. State Fairgrounds
 - c. Kirtland Air Force Base (except for certain areas)
 - d. Veteran's Administration Hospital
 - e. Locations outside the city limits

1. To ensure that priority one calls are dispatched and responded to in an expeditious manner, the 800MHz-radio system has the capability of simulcasting on all talk-groups. This feature can be useful in disseminating vital information and priority one calls to all officers efficiently.

a. ECC dispatcher duties:

Upon receiving a priority one call, i.e., hold up alarm, shooting, stabbing, the dispatcher will utilize the "All Ops" dispatch group and advise that this is an "All Ops" (Area Command) call. The dispatcher will give out the basic information on the call and the location. The dispatcher will then switch back to their respective dispatch talk-group.

b. Responding officer duties:

An officer who is responding to an "All Ops" priority one call outside of their area command will advise their respective dispatcher that they are responding to the call. The officer will then switch to the talk-group where the incident is occurring and advise the dispatcher that they will be responding. The officer will remain on this talk-group until the completion of the call.

- c. The "All Ops" talk-group will not be utilized if one the call groups are secure for an operation, i.e., SWAT activation.
- d. The "All Ops" talk-group may be utilized to call a citywide unit to a specific incident, i.e., "AIR 1 switch to SE for a call" or to issue an attempt to locate (ATL) Citywide.
