

APD Monthly Crime Stats Valley Area Command

January – May 2023

Crime Stats Disclaimer

The Albuquerque Police Department reports its crime statistics using the Federal Bureau of Investigation's National Incident-Based Reporting System, known as NIBRS.

APD sends NIBRS data to the FBI on a regular basis and this data is based on the reports available at that point in time.

The data for this report were obtained from APD's records management system on July 17, 2023. It reflects crime stats from January through May. There is a time delay before publishing the data on APD's web site to allow police reports to be approved by supervisors. The delay allows APD to provide more accurate crime stats to the public. However, the data is still reported on a fixed point of time, and future reports will differ somewhat from these statistics.
