Greetings Northwest, summer coming to an end and school has started once again. We are still are down across the board in both violent and property crimes, not only as an Area Command, but as a City. I mentioned last month we were still up in shoplifting for the year and we were addressing the issue with a citywide operation involving multiple Proactive Response Teams. I am pleased to report a huge decline in shoplifting for the last 45 days. We still need to make up some ground for the year, but things are looking good. We are still focusing on median safety ordinances in order to reduce the number of pedestrian involved accidents across the City and keeping an eye on parks throughout the area command to make sure quality of life issues don't fall through the cracks. As always, I encourage everyone to participate in your neighborhood associations, business coalitions and well established entities like WSCONA and NWPCP. If you see any recurring crime or quality of life issues within the NW, please email me at dsaladin@cabq.gov and bring them to my attention.

**NORTHWEST AREA COMMAND WATCH I
LIEUTENANT JUAN CABRERA**

Dayshift has been taking part in a traffic tact plan on Coors. We have been enforcing a 0 tolerance and has gotten many citations from the tact plan thus far. Please follow all traffic laws in our Area Command to avoid getting pulled over.

We also have been ensuring parks are staying safe and clean. We have been enforcing No Trespass in our parks. Remember, parks are closed when its dark. Please keep our parks and city clean!

Please stay off the medians under 4ft. We are now citing for this violation. The citation no longer requires if there is a sign or not. You cannot stand on a median under 4ft in width, if you do, you will get cited.

**NORTHWEST AREA COMMAND WATCH II
LIEUTENANT Andrew Quillman**

Your swing shift officers are working various tact plans to ensure drivers are safe on the roads, individuals are staying out of unsafe medians and that the area command parks are safe for you and your family. Of course we are also working hard to respond to calls for service and to respond quickly to those calls. We had a great time meeting members of the various neighborhood associations earlier this month. It was great to hear from so many of you. Many of you gave us some great information to help in our efforts to reduce crimes in your neighborhoods. As always, please keep in mind how important it is to report crime and suspicious activity when you see it.

**NORTHWEST AREA COMMAND WATCH III
LT. Larry Middleton**

Hello Northwest Area Command. I hope everyone had a great summer! Your Northwest Graveyard Officers continue to work hard on traffic enforcement along Coors Blvd. We continue to actively patrol business throughout the night when available in hopes to prevent burglary's. Please contact me if you need anything from our Graveyard Officers.

Northwest Area Command Proactive Response Team Corner

The Proactive Response Team (PRT) are on special assignment working with the Organized Crime Unit focusing on the retail areas in the Northeast and Northwest Area Commands concerning retail crimes.

Safety tips for your kids as they go back to school

- Walk the school route along with your children before the first day of school to make sure it is safe and your child knows the route.
- When you can't walk with your children, encourage them to walk with a friend.
- Tell your children to stay observant and aware of their surroundings as they walk. If they think they are being followed, they should immediately go to a trusted adult and tell them.
- ♦ Make sure your child knows what to do if they think they are in danger – they should yell “help” or “you are not my mom/dad” and run to the nearest business or back to school.
- ♦ Tell your child, if a stranger asks those questions, they should not get close to the car. Make sure they know to never get in a car with a stranger – anyone the kids and parents don't know or know very well.
- Establish a code word with your child to identify a person as a trusted adult.
- Make sure your children know who is a trusted adult: law enforcement, store owners, or a teacher, to name a few.

Northwest Area Command Community Policing Council Corner

Council Chair:

Karen Schwartz E mail

Other Members:

- Karen Schwartz
- Marsella Duarte
- Terra Bernheisel
- Thomas Borst
- Mike Brewer
- Edward Buttner
- Jeff Miller
- Paul Mondragon
- Jacquelyn Cooke
- Phillip Ramirez
- Chanda Vigil

CPC meeting , 3rd
Wednesday of every
month.

Council Goals

The goal of each Community Policing Council is to engage in candid, detailed and meaningful dialogue between Albuquerque Police and the citizens they serve. Councils are independent from the City and Department. They are encouraged to formally recommend changes to Albuquerque Police Department policies and procedures. They are also asked to make recommendations and identify concerns, problems, successes and opportunities within each area command and for the department as a whole.

Council Membership

The NWCPC meets in person at the Don Newton Multi Generational Center or alternatively, meetings can be attended via zoom. The CPC members are made up of eleven volunteers. CPC members are composed of members from the community and voting members. Voting members must reside within or have businesses within the boundaries of their area command. All attendees (members) are encouraged to submit recommendations, provide input concerning recommendations, ask questions and submit topics for discussion.

Northwest Area Command Community Partnership and Outreach Corner

Community Partnership and Outreach:

APD'S COAST Outreach (Crisis Outreach and Support Team):

The COAST team continues to work with the West Side Homeless shelter, service providers and Field Officers to ensure that the homeless and most vulnerable are being offered shelter and resources. Service providers are continuing to do homeless outreach throughout the City.

Coffee with a Cop: at various restaurant locations:

Coffee with a Cop is an opportunity to interact with the officers assigned to their neighborhoods and ask questions, voice concerns, and get to know the police officers in your community.

Cop on the Corner: at various neighborhood locations.

The Albuquerque Police Department launched a new program called "Cop on the Corner" to help build relationships with the communities where officers patrol. The program will give people the opportunity to attend police field briefings where they can interact with the officers assigned to their neighborhoods. The day shift officers and swing shift officers hold briefings at various neighborhoods.

Business Coalition meetings:

We have three community business locations. The Westside area businesses, Riverside area businesses and the Cottonwood area businesses. We are working with the businesses to identify and reduce criminal activity. In the meetings we will identify the business stakeholders that will be involved, concerns on any type of criminal activity. We will talk about resources that can be used to deter and reduce criminal activity and provide crime prevention training, business security assessments and educate the businesses concerning property crimes.

Crime Prevention, Neighborhood Watch Program:

The NW Area Command has over 100 neighborhood watch programs and block captains. We have established an excellent rapport and understanding of the needs and concerns of the neighborhoods and block captains within their respected neighborhoods. The block captain/officer initiative program strengthens the ties between the officers, and the community.

ADAPT Program (Abandoned & Dilapidated Abatement Property Team):

The program identifies and addresses abandoned and/or dilapidated properties that become public nuisance because they have a pattern of calls for service, serious criminal activity or because they pose a public safety threat. The goal is to work with property owners to increase the health, safety, and welfare of the buildings and the community. Through community policing we will reduce crime and increase quality of life in the area.

Northwest Area Command Community Outreach

COMMUNITY OUTREACH

APD'S COAST (Crisis Outreach and Support Team) is continuing to work with the West Side Homeless shelter , service providers and Field Officers to ensure that the homeless and most vulnerable are being offered shelter and resources. Along with this collaboration , we are stressing the importance of education for this population due to limited access or knowledge to some of the safety measures. Masks , hygiene, water and food are being provided on a daily basis to those that are not wanting to go to the shelters. Service providers are continuing to do homeless outreach throughout the City. The Westside Emergency Housing Center is continuing to remain open 24 hours, 7 days a week and will accommodate as many people as possible. The City opened up hotels to assist with shelter numbers, this is helping keep the most vulnerable and families safe and provide social distance. The staff at the shelter has been working hard to keep everyone safe.

Pet Microchip Registry Lookup

Web link [Microchip Registry Lookup \(aaha.org\)](https://www.aaha.org/microchip-registry-lookup)

Microchip Registry Lookup

Step 1

Obtain the 9-, 10- or 15-digit microchip number. Veterinarians and rescue organizations can provide this information.

Step 2

Enter a 9-, 10- or 15-digit microchip number (no spaces or punctuation) to get a list of registries to contact to find pet owner information.

Step 3

Starting with the first company (the most recent registry), call each company on the “Microchip enrolled with” list to see if that is the registry that has the pet owner information.

Top of Form

Microchip

Search

Bottom of Form

Tips:

This registry lookup tool does NOT provide pet owner information and is NOT for pet owners to update their pets’ microchips. It is a lookup tool that helps you find the registry where your pet’s microchip is listed.

Some microchips – especially those starting with the numbers 900 – cannot be tracked to a single provider. You will get a list of companies to contact to find the pet owner or for registration purposes.

Sometimes microchips are implanted but not registered to individual pets. In these cases, the registry lookup will return a list of companies that might have sold that microchip. Contact those companies and ask for the “trackback” information of who purchased that microchip. That organization may have the pet owner’s contact information.

A “failed search” means that the registry could not be checked for the microchip you entered. This is out of AAHA’s control, and you will
