6. Proposed City Ordinance for Continuance of CPCs

What happens to CPC when it has been breached?

We feel the council should continue, we feel it is important to engage with community and the police. All six area commands have been meeting once a month and we have put together an ordinance that will be proposed next year to a Judge. If the CASA disappears, we need to have an ordinance that will support CPCs. Once we receive agreement from all the councils, we will be going forward and presenting it to City Council.

Q: Are we sharing this with the public?

A: Yes.

Q: Mr. Lewis, can you weigh on this?

A: Not at this moment.

Q: Will this continue to be a volunteer or paid position?

A: It will still be a volunteering position.

Q: In the ordinance, was it discussed to get the Councils paid?

A: Yes, it was discussed but we came to the conclusion that it should be non-paid because we do not want to motivate the wrong people.

Motion to approve the City ordinance, second and approved.

7. Discussion: Resolutions to APD from SECPC

Make recommendations to APD in what we believe that can be improved on. We have a template that we fill out and the process of that is, we send it to Chris and Chris will send it to Chief Geier for approval and once it is approved the area commander will be notified.

Michael Kruchoski: I hosted a meeting a month and a half ago in regards to the mobile APD app. It is not user friendly, so an engineer and myself looked at it and we came up with a recommendation. It is broken down into 4 areas. (Attached at the bottom) Alerts need to be worked on, but if you want to see about accidents, APD does have a twitter and they post every accident that happens in the City.

Q: What is the purpose of the app?

A: You can report any crimes from your phone and you can see the response on there.

App looks different on android and iPhones; they should work on in looking the same.

Will be posting this recommendation on Facebook for feedback, will like people to give comments on it.
