I hope everyone is enjoying the summer months. I would like to update you with the operations we currently have underway to reduce crime. We continue to have a Central Ave. operation where we have brought in other divisions to assist with having more high visibility patrols by officers, conducting proactive stops and enforcement. We also continue to work on apprehending offenders that have outstanding warrants for violent crimes and property crimes.

Quality of life violations are still being enforced. Working with the City's Encampment Team, resources and shelter options are being offered to the unhoused individuals that are in front of our businesses and along our streets. Of course we are responsible for enforcement and will continue to do our part. Recognizing that a lot of individuals, whether they are under the influence of drugs, when large groups gather, altercations and crimes do occur to include shootings and homicides. Working with other City departments, we have secured funding to gate off several known high crime areas. The alley between Central Ave and Cochiti Rd. at San Pedro Dr, the alley at Louisiana Blvd in between Central Ave and Cochiti Rd. will also be gated off.

The department's Narcotics Unit has also conducted several operations which resulted in the seizure of drugs and firearms. They will be continuing their efforts, so very much appreciative to the Narcotics Unit.

As usual I am urging all of our businesses, please report your crime. Whether if it is trespassing or vandalism, please make a report online or over the phone, so we have a more accurate picture of where the crime is occurring so we can best allocate and deploy our officers and crime prevention resources, in an effort to stop/reduce crime.

As always, your officers are working extremely hard, balancing calls for service, proactive policing to reduce crime, and community engagement. I urge you to stop and thank them when you see them.

Message from Chief Medina:

Hello everyone! I'd like to start off by sharing more on the good news that The Albuquerque Police Department has met all requirements in the Court-Approved Settlement Agreement with the U.S. Department of Justice, marking the biggest milestone since the reform process started in January 2015.

I'd like to thank the officers who stayed with the Albuquerque Police Department and fought through these changes to make sure that we improved the services that we deliver to the citizens of the city of Albuquerque. Reform shall never end for any police department. We should always be evolving to see how we could become a better police department, more in tune with the community, and always changing to meet the needs of an ever-changing society.

Some terms of the settlement agreement that are outside the control of APD, dealing with civilian oversight, have not yet been met. But the monitor's report means APD can move toward self-monitoring with all of its remaining sections that have not already been dismissed by the Court.

Looking ahead, we are kicking off a new program just in time for the summer months bringing Crime Prevention Pop-Ups to neighborhoods and parks.

APD is partnering with Albuquerque Metro Crime Stoppers in an effort to make crime prevention information accessible, build stronger community

connections and create an opportunity for community members to share their concerns; these events will be taking place throughout the summer.

We will have booths showcasing crime prevention, neighborhood watch, auto theft VIN etching and free wheel lock distribution, as well as more information on Crime Stoppers.

Please visit APD's website, www.cabq.gov/police, for more information on the upcoming dates.
